In loving memory of Aurelius A. Baldwin, who passed away 29 years ago today, April 11, 1976.

In some way every day,
Memories of you come my way.
Though absent, you are always here.
Still loved, still missed
Still very dear.

From labors good and true.
Love, character, kindness,

That was you.

In loving memory of our dear husband and father, Mr. Will B. Booker, who departed this life here on earth two years ago, April 18, 1974.
Sleep on dear Darling,
'Tis God who thought best
To take you from this world or
sorrow
To a lovely place of rest.

Day by day we're striving to
meet you
In that fair Heavenly home,
'Tis the land where all is
happiness.
Up there where sorrow is
unknown.

Safe in the arms of Jesus.
Angels guard thy sleeping clay.
We go on working and trusting
To see you resurrection day.

VIRGINIA RANKED FIFTH IN NUMBER OF SOIL TESTS

Last year Virginia ranked fifth in the Nation in number of soil tests. There were a total of 105,238 soil samples tested from Virginia, 89,341 were tested at VPI, 9,912 at the Truck Experiment Station located at painter and Norfolk and 5,985 tested through commercial labs.

As of April 1, VPI had analyzed 33,000 samples with a backlog of 20,000. The above picture reflects the situation. During the period, February 9 to March 6, 30,000 samples were received at the Virginia Tech lab, or ⅓ of the total samples tested in 1975. The lab's capacity is 750 samples a day.

Farmers are urged to avoid this stress period by collecting samples in the fall, J. A. Smith reported.

1975 WOOL PAYMENT RATE ANNOUNCED BY USDA

An incentive payment rate of 61.1 percent on 1975 marketings of shorn wool was announced April 6 by the U. S. Department of Agriculture (USDA). The announced payment rate is based on the difference between the national average price of 44.7 cents a pound received by producers during 1975 and the previously announced incentive price of 72 cents a pound. Incentive payments to wool growers are required under the National Wool Act of 1954, as amended.

A payment rate of $1.09 per hundredweight on unshorn lambs sold or slaughtered in 1975 was also announced by USDA. This payment is designed to compensate growers for the wool they market on live lambs rather than as shown wool. The payment is based on the shorn wool payment rate, average weight of wool per hundredweight of lambs, and value of lamb's wool relative to the national average value of shorn wool.

Deductions of 1½ cents a pound from 1975 shorn wool payments and 7½ cents per hundred pounds of liveweight from 1975 lamb payments will be made to finance advertising, sales promotion and related market development activities. These deductions provided for in the National Wool Act, were approved by an 85.5 percent favorable vote by sheepmen voting in a November 1974 referendum.

USDA's Agricultural Stabilization and Conservation Service will begin making the payments to growers shortly through its county offices.

The average of 1.85 a pound received by growers sold mohair in 1975 was $1.05 above the announced support level of 80.2 cents a pound. Therefore no government payments will be required on 1975 marketings of mohair.
